

INK COMPATIBILITY

SOL LAT UV

3216 Roll-N-Blockout is a composite display film with a low glare print surface resulting in wide color gamut images and graphics while holding fine details and type.

The grey backside blocks ambient light making it great for retail, events and POP.

STANDARD SIZES

Item # 3216000024J9 - 36"x100' - 3"core
Item # 3216000037J9 - 50"x100' - 3"core
