# TexPrint® GFW

## Grand Format 'High-Release' Quick-Dry Water Based Sublimation Paper

**Recommended paper for Imaging Signs, Banners, Trade Show Exhibits.**

**TexPrint®GFW** is a simpler way of getting things done. One product designed to work well with today's high speed grand format printers: Mimaki JV5-320, GunsJet R-4, and Printer Evolution Evo-33.

**TexPrint® GFW** is fully compatible with Piezo Print head technology on all water based grand format dye-sublimation printers.

**TexPrint® GFW** is available through authorized distributors worldwide.

*Tested and proven with all major brands of digital Sublimation Inks, including:*

- Sawgrass
- J-teck
- Sensient
- Manoukian
- OEM Brands
- Bordeaux

**TexPrint® GFW** heavy weight design (150-gsm) handles equally well through grand format heat calendar presses including:

- Monti Antonio
- Klieverik
- Practix
- AIT
- Transmatic

**Roll sizes and lengths available:**

- Widths – 60" (1.5m) – 64" (1.6m) - 126" (3.2m)
- Length - 400ft (122m)
- Basis weight - 150gsm
