

ARLON

Premium Colour Change / FLITE® TECHNOLOGY

Premium Colour Change is your ideal choice for automotive restyling and fleet applications. The conformable cast film features FLITE Technology® for fast, easy installation, excellent repositioning and clean removability. The engineered liner with invisible air channels gives bubble-free application resulting in an ultra-smooth finish for full and partial vehicle wraps. The specially adapted protective film on gloss colours ensures the highest gloss level. Guaranteed to stay down in deep channels, curves, recesses and the most demanding shapes. Premium Colour Change eye-catching colours are available in gloss, matte and satin finishes.
