Squeegees

PLASTGrommet manufactures a complete range of squeegees for different applications, from windows graphics up to Chrome films.

All of them feature two raised areas in the middle to offer a nice and good grip, four rounded corners and they are available in **two sizes**, **4”** and **6”**.

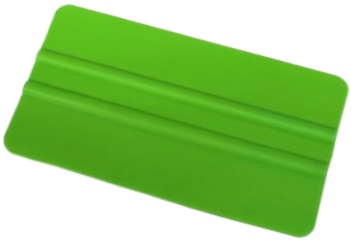
Everyday-use

Daily use Squeegee – Green

This squeegee model can be used for light applications on solid flat substrates.

Part#: PHREP10V

Part#: PHREP15V



Daily use Squeegee – Blue

This model has a higher flexibility rate and a medium memory.

Part#: PHREP10A

Part#: PHREP15A

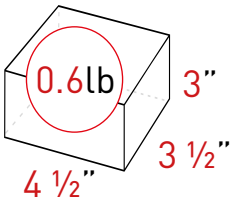
Felt Edge Squeegee - Red

Our red felt edge squeegee is a unique combination of our everyday-use squeegee with a soft, smooth felt edge to protect the surface of digital prints.

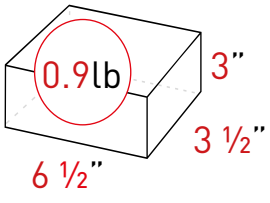
Part#: PHREP10RF

Part#: PHREP15RF

4” squeegees
10 pcs/box



6” squeegees
10 pcs/box



Car wrapping

MARATHON Microfiber Squeegee

Part#: PHTIEHAV

Ultra-soft **Microfiber edge** (with two layers) to avoid scratching the graphics.

It can be used either **wet or dry.** Use it wet with some drops of baby shampoo and water, getting a nice and smooth glide over the vinyl surface.

The unique microfiber edge makes this squeegee perfect for **Chrome** films.

Part#: PHTIEHAV15

Microfiber **lasts longer** than any other material (our high-performance Microfiber exceeds 200,000 Wyzenbeek double rubs).

Available in 4" (10 cm) and 6" (15 cm).

MARATHON FLEX Microfiber Squeegee

Same properties as Marathon Squeegee but with **more flexibility**, choose the Marathon model that better suits your needs!

Available in 4" (10 cm).
Part#: PHTIEHAVFX

GOLD Super-Flex Squeegee

The perfect combination:
Soft enough to have flexibility but hard enough to keep the shape for a long time.

It has been designed to last longer than the everyday-use models, we call it our "all performance squeegee".

Available in 4" (10 cm).
Part#: PHREPI0G
