

## PRODUCT DATA BULLETIN

Dated: 06.27.14

### 3000 Series - FDC® Intermediate 20# Drawing and Pounce Media Paper

FDC 3000 Series Intermediate 20# Drawing and Pounce Paper is ideal for hand painted signs or stencils, and CAD pen plotters. Some vinyl cutter-plotters can use a pounce tool to create desired computer aided design and then using a hand tool with a star wheel to punch holes through the paper. Pounce powder would then be used to transfer the design onto given substrate. To order punched material, use part number 3050.

---

**Note: For further information regarding: printing, substrate cleaning, application, maintenance, durability and removal please review the corresponding instructional bulletin available at [www.fdcfilms.com](http://www.fdcfilms.com).**

---

Warranty: Data provided by FDC is for general information only. This data is not to be used for exacting specification purposes. Always pretest product. Suitability for any given application is the responsibility of the user. Since FDC cannot control the conditions under which the products referred to herein may be used or handled, it can make no guarantee as to the effectiveness, safety or applicability with respect hereto. FDC's only obligation shall be to replace such quantity of product proven to be defective. FDC shall not be liable for any injury, loss or damage, direct or consequential, arising out of the use or the inability to use the product. Before using, the user shall determine the suitability of the product for his intended use, and user assumes all risk and liability whatsoever in connection therewith. The seller, FDC, shall not be liable for any default or delay caused by contingency beyond its control or the control of its supplier including but not limited, short or reduced supply of fuel, or other integral components of the product.
